## House Builds & Renovations

Mr & Mrs de Sousa are award winning master builders - a hard earned and well deserved accolade.

Nowadays, with TV shows such as Grand Designs, Escape to the Country and even DIY SOS, people are becoming more aware of what is achievable within their budget, and either buying property with a view to renovation, or considering building from scratch.

Highly experienced in both new builds and renovations, Mr & Mrs de Sousa have an extensive portfolio of properties and very happy clients throughout Great Britain.

A healthy network of contacts and working relationships within the industry help to keep costs to a minimum and ensure your build or renovation is completed in good time with no unexpected headaches.

## Edgbaston Town House

Our brief was to completely restore and renovate the house to suit a modern, growing family. This included external landscaping and lighting, a complete slate roof replacement as well as countless internal alterations - a loft conversion, stunning wine cellar, introducing several new bathrooms to

service each of the bedrooms, new heating and electrical systems, replacement windows, restoring original features to their full glory and upgrading the detached coach house to become a nanny's apartment.

## Bromsgrove Family Home

The brief here was to create the perfect 'forever home' for Sally & Derek, a couple who had bought their house a few years before but left it unchanged. The brief was to update the kitchen, three bathrooms and redecorate throughout with high quality fixtures and fittings.

We asked the couple to provide us with a wish list of everything they wanted from their home, with the aim to provide as much as possible within budget, prioritising the kitchen and the bathroom

## Kings Norton Renovation

This house was derelict when we took on the project. Neglected for years, the stairs had collapsed, ceiling joists had fallen into the kitchen and the garden was an impenetrable jungle. The entire house was stripped back to the bare brickwork inside and we added a large two

storey extension. The interior was completely re-configured and rebuilt to suit modern family living. We had great fun designing the layout, the kitchen, utility and three bathrooms for the house, creating a beautiful family home.
